

# Want to Control Your Irrigation Costs?

**FREE**

## Get a WaterSmart Checkup

Commercial, Multifamily, Industrial,  
Public and Single-Family Properties

### Apply today Participation is limited

Check to see if your water agency participates  
in the program at [watersmartcheckup.org](http://watersmartcheckup.org).

Services provided by  
Mission Resource Conservation District

Program made possible by  
**San Diego County Water Authority**  
and its participating member agencies

With a grant from the  
**California Department of  
Water Resources**

(866) 883-1332 • [apply@watersmartcheckup.org](mailto:apply@watersmartcheckup.org)  
[watersmartcheckup.org](http://watersmartcheckup.org)

A **WaterSmart Checkup** is your free opportunity to receive site-specific water-saving recommendations. You'll benefit from the professional perspective of our **certified irrigation specialists**. And you decide if and when to put the suggestions to work.

- ✓ Free
- ✓ Increase efficiency
- ✓ Site-specific recommendations
- ✓ Prepare for seasonal irrigation changes

## Is Your Property Eligible?

[watersmartcheckup.org](http://watersmartcheckup.org)

*Single-family home checkups also include recommendations to increase indoor water-use efficiency.*

We offer several different Checkup services and will match your property to the best available option. Participation is limited. If you own or manage a commercial, multifamily, industrial, public or single-family property, apply today.

1. Complete an easy application at **watersmartcheckup.org**.
2. We schedule a site walk-through for approved applicants.
3. We provide written observations, recommendations, and if applicable, test results.
4. You choose what you will implement and when. There's **no obligation**.
5. **Start saving!** Although water-savings vary by property, you may save up to 20 percent or more.
